Re: Response to Public Health Emergency Developments

This memorandum confirms our discussions in our meeting yesterday.

The authorization for in-person proceedings is suspended for the month of July, 2020.

The Leon County grand jury will not be convened during the month of July. The intent is to convene the Leon County grand jury on August 31, 2020. Of course, we will continue to respond to events related to the public health emergency as they occur.

Thank you for your extraordinary efforts and patience.

Respectfully,

Jon Sjostrom
